

FUN IN THE SUN

POINTS OF INTEREST ☀ SUMMER CAMP - SESSION ONE: THE GREAT OUTDOORS ☀ JUNE 17, 2010

"THE GREAT OUTDOORS"

Sunshine, rain, 50 SPF, nature hikes, wild birds and twenty energetic children – this and more is what made the first two weeks of summer at Children's Workshop a blast.

We experienced much of the great outdoors while exploring in our very own garden, the surrounding neighborhoods, the duck weed covered pond at the Eastman Nature Center and by having the Raptor Center come and teach us about three of their wild friends: the red tailed hawk, the falcon and the owl.

While many of the days thus far have felt more like the cool, rainy days of spring, we finally found a little sun and suited up for some fun in the water! The children ran through the sprinklers, slid down the water slide and played in the mud. The result of this all?... Some very happy children!

As we wrap up the first two weeks of summer, we're looking forward to the fun to come. Join us next week as we jump into character and explore the world of entertainment!

To see more photos of how much fun we are having, visit us on [facebook!](#)

Priscilla & the rest of the summer staff

****Thanks to the Culligan's for letting us borrow their waterslide!!!*
