## CALENDAR NOTES

Daily activities are subject to change due to inclement weather.

Parents are always welcome on field trips. Please give us 24 hours notice if you will be joining us.

Please be conscious of field trip departure times and drop off your children accordingly.

*Bike Day* is for two, three or four wheels. Bike safety lessons will be given. Helmets are required to participate. We will block off the cul-du-sac for riding.

*Movie Day* videos will be related to the sessions theme. Titles will be revealed the Monday prior.

Each week will have a special afternoon project related to the session's theme.

A newsletter will be published at the end of each session, chronicling the events of the past two weeks and providing information about the upcoming session.
